

METG
Montana Environmental Trust Group

Public Meeting
East Helena Smelter Cleanup

The Montana Environmental Trust Group (METG) is hosting a meeting to present information and answer questions about the cleanup of soil and groundwater contamination related to the former Asarco Plant in East Helena. The Environmental Protection Agency, Montana Department of Environmental Quality and Montana Department of Justice will also be available at the meeting.

Thursday, February 24, 2011
6:30 pm to 8:30 pm
East Valley Middle School Library
401 Kalispell Street, East Helena

Please come to meet members of the METG team, find out what is being planned, and ask your questions.

For more information, please visit METG's website at
