

INVITATION TO TOWN HALL MEETING FORMER ASARCO SMELTER—EAST HELENA

Invitation To: The Citizens of East Helena & Other Interested Stakeholders

What: Town Hall Meeting To Learn About What's Going On At Former Asarco Smelter

When: Thursday, March 20th From 6:30 to 8:30 pm

Where: METG Offices—325 Manlove Street, East Helena, MT

**Hosted By: US Environmental Protection Agency and
The Montana Environmental Trust Group (METG)**

The US Environmental Protection Agency (EPA) and the Montana Environmental Trust Group (METG) cordially invite the citizens of East Helena and other interested stakeholders to attend a Town Hall meeting on Thursday March 20th from 6:30 to 8:30 pm at the METG Office in East Helena. The meeting will provide an opportunity for the citizens of East Helena to learn about and provide input on cleanup and redevelopment activities at the former Asarco Smelter. Topics that will be discussed include realignment of Prickly Pear Creek and potential future use of the smelter site and surrounding lands.

EPA and METG are hosting this Town Hall meeting as part of their continued commitment to active community and stakeholder participation in and dialogue about the remediation, restoration and revitalization of the former Asarco smelter. We hope you will join us.

If you have questions, please call Betsy Burns (406-457-5013), Lauri Gorton (414-732-4514) or Mark Rhodes (406-431-1657).

Refreshments Will Be Served!
